Mobile: +49 1573 1970769
Website: www.trendeliver.com

I learn fast and I am opened for every new information. I have very good problem solving skills and I like unique and extremely interesting things. I am an opened, friendly and cooperative person, always looking for challenges.

PROFESSIONAL EXPERIENCE

June 2013 -

WEB Developer
freenet Group
Hamburg, Germany

Working on the server-side (keywords: Linux, PHP, MySQL), optimizing existing functions and developing new ones. Also analysing, implementing and testing new technologies. Work is going according to Scrum.

August 2012 -
June 2013
(11 months)

PHP Developer
Brozie Kft.
Budapest, Hungary

As a PHP developer I'm the responsible person for the business part (my.brozie.com) and also for the administration system (admin.brozie.com). Beside developing the backend, I'm coding the client-side also. I find my job really challanging, it's a great oppertunity to try and learn new things.

February 2012 -
August 2012
(7 months)

Software Developer and Project Manager
Self Employed
Budapest, Hungary

Development and Project Management of web and mobile (iOS, android) applications

January 2011 -
January 2012
(1 year 1 month)

Java Developer
Ramasoft Zrt.
Budapest, Hungary

At Ramasoft I took part in the development of a portfolio management system, which was built on Java EE (Tomcat server), using complex data-structures (MySQL, MSSQL, Oracle SQL) and great client-side technics. I found the work really interesting, because my programming knowledge could met my interest in financial area perfectly.

February 2009 -
June 2010
(1 year 5 month)

Software Engineer
Hewlett-Packard
Budapest, Hungary

I worked here on my Project Laboratory Research - using ABAP and WebDynpro.

September 2008 -
February 2009
(6 month)

English Interpreter
Filtrona Filters
Budapest, Hungary

Interpretation of foreign trainers for employees.

January 2007 -
March 2008
(1 year 3 month)

WEB Developer
Gaia Kft.
Budapest, Hungary

Development of a video technology company's e-commerce system.
